

Loxwood Neighbourhood Plan Steering Group Questionnaire 2

Improvements for the village

New developments, must address the needs arising from them. In the case of new housing development, this means more residents in the village needing access to community services. All such development is subject to a non-negotiable levy based on the number of homes built that is called CIL (Community Infrastructure Levy). A proportion of this is then available to the Parish Council to assist in meeting improvements locally. For some larger developments, it may be appropriate to require them to make direct provision of new facilities or spaces on their site.

Loxwood residents' views on the priorities for either new provision or for the allocation of CIL funds within the Loxwood Parish Council area is important. Please complete and return in the stamped address envelope so we can collate the views of the residents in Loxwood.

Here are some options - tick if you consider there is a need to address these (and please say why) – Return by 21st February 2025:

Possible provision	Brief reason why this is needed
<input type="checkbox"/> Allotments	
<input type="checkbox"/> Biodiversity
