

Hi Rick

The carpenter has estimated £435 each plus VAT for the A1 history board frames and posts

They will be made of iroko hardwood, with exterior grade ply for sign to be fitted to , decoration and fitting by others .

We have taken delivery of the first board which is A1 and think they should be that size because of the amount of detail.

We will therefore require 4 boards = £1740 plus VAT

He can deliver on 4th 5th April so the website, boards and leaflets can be in place by Easter.
