

WSCC April 2024

As ever when it's County Council there are a couple of items that come up that I haven't been able to let you know before.

A Press release on the Hydrogen Buses has gone out and the other item of importance is that we have appointed a new Chief Executive and gentleman called Leigh Whitehouse and he will take up his position in 3 months.

In the meantime Becky Shaw will stay with us and return to East Sussex in about 3 months when Leigh joins

I know many of you have concerns about the booking system at Waste and recycling sites. I am pleased to tell you that it is going well and now all West Sussex sites are on the same system.

We have been told today that flytipping in West Sussex has since gone down but please report and let CDC know when you have a fly tip incident. I am sure you all know this but you can use up to 5 visits to sites every month if you need to go that often. Don't forget they are all now on summer opening times.
